No. EDP/MECH/GEN/2022-23

Date: 14/06/2022

To

All Sub-Offices
(Through PCDA Website only)

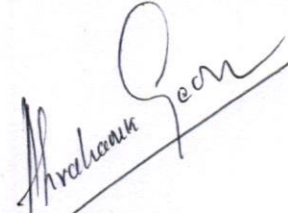

Sub: Installation of Computer - Reg.

New Hardware including Computer of I7 processer configuration had been received by many sub offices in the month of March 2022. This section has called for the confirmation report of installation of hardware from the sub offices vide mail dated 08/06/2022. It is observed that many offices have not furnished the report. In addition, it is noticed that in few offices the installation of hardware is pending. With a view to avoid hardship to the office / individual concerned, it is requested to complete the Installation process at the earliest and render the completion certificate to this section as directed by the Competent Authority.

Moreover, it is also informed that all PAOs can use the new Computers (Linux-OS) directly without any assistance from service engineer / vendor, since all the packages, browser etc are inbuilt. Whereas in respect of Windows- OS, Sub Offices can contact Service Engineer for necessary assistance and installation (Shri. Prathap - 80508 99837 for reference).

In view of the above and as directed by Competent Authority, a completion report in this regard may be rendered by all concerned to EDP section before 17/06/2022 for consolidation and onward submission to Competent Authority.
